

REMARKS

The above amendments to the specification are made in order to properly identify nucleic acid and amino acid sequences disclosed in the specification. The amendments introduce no new matter.

Applicants hereby state that the written form of the sequence listing submitted herewith does not go beyond the disclosure in the international application as filed.

Applicants hereby state that the following recorded in computer-readable form submitted herewith is identical to the written sequence listing submitted herewith.

Respectfully submitted,

6/30/00
